# PROJECT PROPOSAL

## **Project Description:**

Write a simple description of what you are planning to create.

Describe the steps you will need to complete to create your project (Example: first step, next step.... last step). For each step include the amount of time that you think it will take.

What is your "Plan B". Do you have an idea to adapt or simplify your project if it's not working out or if you run out of time?

## **Timeline:**

How long do you expect this project to take.

Are there any parts of this project that you can complete at home if run out of time in class?

Name: \_\_\_\_\_

### **Materials:**

What materials do you expect the school to provide for this project.

What materials are you going to provide from home for this project (Check with your parents before agreeing to purchase materials).

### **Resources:**

What parts of this project do you think you will need help with?

Are there any people who can help you with this project? (Family members, friends, teachers, etc.)

What are some things that you need to learn about to be able to complete your project.

What websites or other sources are you going to use for ideas, instructions and information about your project topic.
